Education

- **University of Piraeus**
Faculty of Information and Communication Technologies, Department of Informatics
- **1st General Lyceum of Levadia**

Languages

- **Greek** *Native*
- **English** *Proficiency*

Skills

- **Problem Solving**
My studies require this skill, which I also try and practice on my own.
- **Communication**
I have strong communication skills acquired from activities such as my participation in the **Erasmus+** program. For this program, I worked for individual and group projects about the environment. To complete the program, we travelled to **Murcia, Spain**, where we presented our projects to other schools, exchanging ideas with the local students.
- **Teamwork**
I **prefer** teamwork, **not** only in academic projects, but in general ones that I work on my **free time**, with friends or other people.
- **Leadership**
I was the elected **President** of the student council of my class in every grade of Lyceum. Also, at the 3rd grade, I was **secretary** of the student council of the school. This council was responsible for the organization of various **events** that strengthened our school's image and funded our 5-day trip of our class to **Sofia, Bulgaria**.

Programming & Software

Very good Microsoft Office skills (*Word, Excel, PowerPoint, Internet*)

I have good programming knowledge in various programming languages (**C#, Java, C++, Python, SQL**) for the design and development of **Desktop** and **Android** applications.

Also, I am familiar with **ASP.NET, HTML/CSS & JavaScript** for web development, and with the following software: **Microsoft Visual Studio, Android Studio, IntelliJ Idea, GitHub** and more.

I currently develop an **Android** application for a new fashion-related **startup**, that is planned to be released in 2021.

I published my first Android application at the **Google Play Store**, named «**Movement Permit – SMS 13033**». The purpose of the app was to make easier the SMS sending for the essential movement permit during quarantine of Greece.
